

Melco Management Accounting Research Discussion Paper Series Writing Guidelines

The Melco Foundation (Public Interest Incorporated Foundation)

These writing guidelines apply to manuscripts for the Melco Management Accounting Research Discussion Paper Series (hereafter, DP) featured on the official website of The Melco Foundation. When composing for DP, please prepare your manuscript according to the writing guidelines provided below.

The writing guidelines have been created based on the American Psychological Association (APA) style, which is the generally accepted standard for English language papers in the social sciences field. For any matters not discussed in these guidelines, please see the APA website (<http://www.apastyle.org/>) for reference. Please note the following:

- 1 . The manuscript must be in English.
- 2 . Two documents should be submitted: a cover page and an article.
 - (1) The cover page should include the full title (title and subtitle) of the manuscript and the affiliation, and contact information for the author (i.e., contact address, telephone number, fax number, e-mail address). If a paper has multiple authors, list the contact information for the author who will act as the representative for the group. Please note that each submitted manuscript will be given a registration number by the foundation. Additionally, the cover page for use in the DP series will be edited and generated.
 - (2) In the paper, the title, name, abstract (within 800 words), keywords (about five), text (including figures/tables), footnotes, and references should be included. If necessary, an appendix and acknowledgements may also be included.
- 3 . Document formatting and page count
 - (1) A word processor (Microsoft Word) should be used to create your manuscript.
 - (2) Paper size should be A4. Text is to be horizontally written, with each page formatted for 52 characters × 36 lines (for a total of 1,872 characters).
 - (3) All margins should be set to 3 cm.
 - (4) Times New Roman font is the designated font.
 - (5) Designated type sizes for characters are listed in Table 1.
 - (6) The cover page should be no more than two (2) pages, and the article should not be longer than 50 pages. However, with approval from The Melco Foundation, page limits may be exceeded.
 - (7) For formatting, refer to Attached Sheet 1.

4. Title and subtitle

- (1) Capitalize the first letter of each word (noun, adjective, adverb) in the title and subtitle. Do not underline.
- (2) Insert three 12-point lines between the title and author's name.
- (3) Insert three 12-point lines between the author's name and abstract.
- (4) Insert three 12-point lines between the abstract and keywords.
